LOGO BOOK

(updated 6/30/2022)

This logo book contains all logos currently available for embroidery on our leather interiors and is deemed accurate at the time of publication. Since new logos are added all the time, it's possible that not all available logos will be pictured.

At the top of each logo are symbols which provide specific information about the logo.

- OPEN COLOR: The logo may be embroidered in ANY of the colors shown on our embroidery thread chart. Must specify color when ordering.
- ◆ STANDARD COLOR: The logo will only be embroidered in the colors fixed for this logo. Standard Color logos CANNOT be changed. You will find the thread colors on Standard Color logos listed directly beneath the logo. ft

Logos will be embroidered on either front seat headrests or both front leanbacks. Rear logos are available in some cars.

Logos cannot be placed on door panels.

Colors shown on the embroidery thread chart are the only thread colors available. If your logo requires a specific color and an exact match is unavailable, the closest color on the chart will be used.

CUSTOM LOGOS

Katzkin can digitize a logo for you in one of two ways. The custom logo fee is \$100 and the process takes 3-4 business days. You will receive an image file and a logo number to place your order.

***STOCK FONTS** -- 16 fonts are available (see FONTS pages) to create custom text-only logos.

- Choose a stock font.
- Our logo department will create the logo using your text and send to you for approval.
- Note that certain fonts are all capital letters only.
- All Caps are NOT recommended for Script fonts. Our logo department will determine the best use of the font for the text you have requested.

***YOUR ORIGINAL ARTWORK**

The better the quality of image you start with, the better the finished logo!

SEND YOUR ARTWORK TO LOGOS@KATZKIN.COM

- Provide Katzkin with **high-resolution, print-quality artwork**, preferably a VECTOR file (Illustrator or .AI file, .EPS, PDF, .JPG).
- Logos need to be simplified into solid colors, no more than 6 colors per logo. Gradation, backgrounds and textures are not possible to do with embroidery.
- Pictures of logos (on walls or car windows) will not work. Warped images, reflections and lighting, and backgrounds can't be removed.
- Hand drawn logos should be avoided. A graphic/digital artist can draw the logo in a vector format for a better result. There are lots of inexpensive and quick resources online for this.

LOGO USAGE GUIDELINES

Katzkin is not authorized to use original logos from the vehicle manufacturers (except for the Stellantis® family of brands. See MOPAR logo book for more information).

DO NOT USE:

- OEM logos: FORD / TOYOTA / GM / CHEVROLET / MAZDA / KIA / HYUNDAI / SUBARU
- Vehicle model names spelled out in a font in place of the logo (F-150, Camaro, Lariat, GT, Mustang, etc...)
- Sports properties: NFL/NBA/MLB/NHL/NCAA and all affiliated Teams, names and player numbers.
- TV/MOVIE ENTITIES: WB/Disney/Superman/Batman/Star Wars, etc.
- Logos cannot be altered in an attempt to make them different from the original.

If a logo contains a ™ or ® Katzkin is NOT authorized to reproduce it without expressed written consent from the trademark owner. Only when an authorized letter from the licensing department (on their company letterhead) is present, will we consider trademarked logo usage. Contact logos@katzkin.com for any questions regarding trademark or copyright.

Katzkin Leather reserves the right to alter or discontinue thread colors, logos, or stock fonts without notification. Always consult with a Customer Service Representative before ordering.
